

## Application for Grant funding from the Andrew Simpson Sailing Foundation

This funding is available to subsidise the cost of sailing sessions at the Andrew Simpson Sailing Centre for the coming year. It is available to schools and groups who have a proven need for funding and can demonstrate the number of youngsters for whom there is a barrier in place, these barriers could include financial, physical health, mental health, learning disabilities or social issues.

The Andrew Simpson Sailing Centre does work with schools and groups to assist them with applications to funding streams such as Sportivate. Where you would like letters of support or assistance in applying, please contact [info@andrewsimpsonsailing.org](mailto:info@andrewsimpsonsailing.org) in the first instance.
